CENTRAL INTELLIGENCE AGENCY

22 March 1950

Chrono.

MEMORANDUM FOR: Special Assistant, Intelligence, Department
of State
Assistant Chief of Staff, G-2, Department of
the Army
Director of Naval Intelligence
Director of Intelligence, Headquarters United
States Air Force

SUBJECT: Probable Developments in the Far East (ORE 10-50)

REFERENCES: (a) DCI directive 3/1 dated 8 July 1948
(b) Memorandum to IAC agencies, same subject,
dated 9 March 1950

1. In accordance with reference (b) representatives of the IAC agencies met on 14 March 1950 to discuss the development of this study. It was decided at this meeting that the project would be pushed to the point of formal coordination in about eight weeks. To achieve this, ORE presented an anticipated requirement for agency participation, on a priority basis, which would include the formation of an ad hoc committee consisting of one member from each agency. It was estimated that the services of the committee members would be required for a possible total of 20 working days out of the 8-week production period. The conferees were asked to bring to an adjourned session on 17 March indications of the reactions of their respective agencies to these views.

2. This memorandum confirms the requirement presented by ORE at the 14 March meeting and asks agency confirmation of the willingness, expressed at the adjourned session of 17 March,

- (a) to accord this project a priority position in the work of each intelligence agency;
- (b) to participate in the work of the ad hoc committee to the extent required by this project.

FOR THE DIRECTOR OF CENTRAL INTELLIGENCE:

25X1A

Assistant Director
